The business world has gone global and now you can too with Lighthouse Global Conferencing. Need to host a conference call with people outside the United States? Global conferencing couldn't be easier. With Lighthouse Global Conferencing, you can instantly coordinate worldwide audio meetings and get your business done. Invite participants to dial in from their office, home, or cell phone – from around the world, at anytime.

Lighthouse Global Conferencing provides a simple, clear way to connect.

Bridge Your World

Stockholm is now a suburb of Denver. Connect and collaborate easily with people down the street or around the world. Your international calls demand the highest quality connections. Lighthouse Global Reservationless Conferencing provides automated service with more than 70 International Toll Free (ITF) and local access points around the globe for a clear, consistent experience for all participants – without audio lags or overlap. The world is now as small as you need it to be.

WHY LIGHTHOUSE RESERVATIONLESS CONFERRING?

- **Instantly bring participants together.** No reservation is required. Use the same call information each time.
- **Meet affordably.** Reservationless Global Conferencing includes no set up charges or hidden fees. You pay only for what you use.
- **Easily manage your meetings.** Control your call with phone controls or our web interface.
- **Add visuals** to reinforce your message.
- **Track your meeting** usage and details online.
- **Guaranteed** to exceed your expectations.

ABOUT LIGHTHOUSE CONFERRING

We live to illuminate your meetings. Our sole focus is making *you* look good. We make your meetings more productive and effective, level the playing field and even reduce carbon emissions. Our conferencing services are just what you need--simple, intuitive and affordable.

We let you focus on your meetings and messages while we manage your conferencing experience... we guide you through the technology fog and continuously work with you to match the right service and features to your needs. Bottom line...Our team is passionate about conferencing. We go out of our way to lend a hand should you ever need assistance—from a simple "how to" question to complete hand-holding and coordination before, during and after your meeting.

Let us show you a brighter conferencing experience
